Final Response  
Federal Emergency Management Agency (FEMA) FOIA Request  
No. 2019-FEFO-00663

Dear Mr. Leopold:

This responds to your Freedom of Information Act request to the Federal Emergency Management Agency, dated June 18, 2019, seeking records related to FEMA-NEO-06493. FEMA referred your request to the Department of Homeland Security (DHS) Office of Inspector General (OIG) for processing and direct response to you. DHS-OIG received that referral on July 19, 2019.

On July 25, 2019 DHS OIG acknowledged your FOIA request and stated in the acknowledgment letter that the report number provided was not a valid DHS OIG report number. On July 26, 2019 via email you provided the report number I17-FEMA-NEO-06493.

Your perfected request was received in this office on July 26, 2019, and assigned the above-referenced tracking number.

In response to your request, a search of the DHS-OIG Office of Investigations was conducted. That search resulted in the enclosed records responsive to your request. We reviewed the responsive records under the FOIA to determine whether they may be disclosed to you. Based on that review, this office is providing the following:

11 pages are released in part (RIP);  
10 pages were referred to another entity.

Exemption 6 allows withholding of “personnel and medical files and *similar files* the disclosure of which would constitute a clearly unwarranted invasion of personal privacy.” 5 U.S.C. § 552(b)(6)(emphasis added). <b>Case Number:</b>	I17-FEMA-NEO-06493
<b>Case Title:</b>	(b) (6), (b) (7)(C) (b) (6), (b) (7)(C) Federal Emergency Management Agency Baton Rouge, LA
<b>Report Status:</b>	Final
<b>Alleged Violation(s):</b>	Title 18 USC 2252; Activities Relating to Material Involving the Sexual Exploitation of Minors

## INVESTIGATIVE SUMMARY

The Department of Homeland Security (DHS), Office of Inspector General (OIG) initiated this investigation based on an allegation received from the Federal Emergency Management Agency (FEMA). The complaint alleged (b) (6), (b) (7)(C) DHS FEMA (b) (6), (b) (7)(C) (b) (6), (b) (7)(C) was discovered viewing nude women on his FEMA assigned laptop while at work. DHS OIG received a DHS Headquarters (HQ) Computer Forensic Examination Report from FEMA which revealed (b) (6), (b) (7)(C) had visited a website from his government computer which contained images of what appeared to be naked children.

All case information was provided to the Middle District of Louisiana, (MDLA) United States Attorney's Office (USAO) in Baton Rouge, Louisiana (LA); however the case investigation was verbally declined for prosecution because images reviewed on (b) (6), (b) (7)(C) laptop consisted mostly of adult pornography and the small amount of images which included images of minors did not show genitalia which did not meet the threshold to prosecute the case. The DHS OIG notified (b) (6), (b) (7)(C) of the outcome of the investigation in which (b) (6), (b) (7)(C) acknowledged he understood. No further investigation by the DHS OIG is warranted; therefore this investigation is closed.

Copies of supporting documentation are appended.
